

96 Tantawangalo Mtn Rd, CANDELO

HIGH ON THE HILL

Located high on the hill overlooking the vibrant village of Candelo, this home is spectacular.

The home is designed in two distinct sections - the original farm house with kitchen, 3 bedrooms, formal dining room, office and bathroom. The second part of the home is a large extension; connected to the original home at the entrance foyer; and boasting a large living room, 3 bedrooms downstairs, a downstairs bathroom and a parents retreat upstairs including bathroom and large dressing room/office.

All the living areas benefit from facing north and boast spectacular rural views over Candelo, through the valley to the mountain ranges in the distance. The long verandah and deck across the northern side of the house link the two sections of the home and are ideal for entertaining or quiet reflection over a cup of coffee. This home has the rare advantage for a property of this size to be connected to the town water supply.

The old dairy is perfect for storage and a large shed and solid yards complete this pretty hobby farm.

Located on just under 6 acres of titled land plus just over an acre of "paper roads" this is a great size for a few horses or stock.
